

# CE For TAR Members!

– UPDATED: 12/11/13 –

TAR and TREEF sponsor a growing catalogue of CE Courses – **all of which local associations in Tennessee can host locally for your members!**

**This is purely a service to all local associations. There is no charge to host any of these CE courses, other than whatever you agree to pay the instructor. To repeat: local associations pay nothing to TREEF or TAR to host any of these courses – including any of the REBAC courses!** Taking advantage of this service will:

- Save your local association the **time** otherwise needed to submit and get CE approval from TREC for course offerings;
- Save your local association the **money** that would otherwise be paid for CE applications to TREC and (in the case of REBAC courses) the annual licensing fees paid for the right to offer such courses as the ABR course, etc.;
- Spare your local association from the **hassles** of getting the course and instructor paperwork compiled and submitted to TREC for CE-accreditation applications; and
- **Give your courses added exposure** by having them posted on the TAR Calendar!

REBAC still charges per-student fees for their courses, but you will pay nothing to TREEF. Hosting any of these courses is simple ...**just follow the steps below:**

1. Book (and agree to pay) **one of the approved instructors for the course you wish to host.**
2. Notify Sally AND Pug at the TAR Education Dept. of the course offering – **sally.cummings@tarnet.com, pug.scoville@tarnet.com** – **AS SOON AS you have scheduled it**, so that we can add it to the TAR Calendar and to the list of Upcoming Courses in the TAR DIGEST. [*Because the official “sponsor” of these courses in TREC records is TREEF/TAR, it’s important – to be in compliance with rules and regulations – that any advertising reflect this and refer to the local association as the “host” of the course, not the sponsor.*]
3. Secure a copy of the Student Handout for the course **from the instructor**, to duplicate for students.
4. Submit the roster of attendees to Sally when the course is over, so that she can submit it to TREC. [Sally can advise you on what to do.]

**We hope you will take advantage of this easy-to-use service in these belt-tightening times!**

For more information about any of these courses, as well as any updates to the list of the instructors approved to teach these TAR/TREEF offerings, local association staff should contact **Sally Cummings**, TAR’s Education Coordinator, at 615-440-5036.

## CURRENT LIST OF TREEF CE COURSES & INSTRUCTORS

**Updated: 12/11/13**

### **Core CE Course – 2013/14 Residential (6 hrs. CE) #7035**
