About TREEF

The Tennessee Real Estate Education Foundation (TREEF) was established in 1968 under Tennessee REALTORS® President Bob Freeman, and the Foundation was officially chartered as a 501(c)(3) nonprofit, tax-exempt educational foundation in 1973.

By an amendment to the state association's Bylaws, the authority to conduct educational programs for Tennessee REALTORS® has been delegated to TREEF. Tennessee REALTORS® has no Education Committee; instead, TREEF serves as the "educational arm" of the Association...but TREEF should never be confused with (or thought of as) another committee. As a chartered nonprofit foundation, TREEF has higher purposes and a special mission to fulfill.

TREEF is governed by a 15-member, all-REALTOR® Board of Trustees, who serve staggered, three-year terms. The Foundation's five-member Executive Committee is composed of the President, President-elect, Secretary, Treasurer, and Immediate Past President. Each year the Foundation Trustees also elect a non-voting Trustee of Counsel, typically a past president of the Foundation, who meets with the Trustees and is available for special assignments and/or consultation to any of the Trustees or TREEF officers.

NOTE: Trustees are not elected as representatives of any particular association, geographic area, or constituency; they are ALL elected as statewide custodians and fiduciaries of the Foundation's mission, programs, and assets.

A Note to Local Associations

These courses are purely a service to all local Associations throughout Tennessee. There is no charge to host any of these CE courses, other than what the local host agrees to pay the instructor. Again, local Associations pay nothing to TREEF or Tennessee REALTORS® to host any of these courses including REBAC courses.

This service is designed to:

- Save local Associations the time otherwise needed to submit and secure Tennessee Real Estate Commision (TREC) approval for course offerings;
- Save local Associations the money that would otherwise be paid for CE applications to TREC and (in the case of REBAC courses) the annual licensing fees paid for the right to offer such courses as ABR, etc.;
- · Spare local Associations the hassles of compiling and submitting course/instructor paperwork to TREC for CE-accreditation applications; and
- Give courses added exposure by having them posted on the Tennessee REALTORS® calendar.

REBAC charges per-student fees (royalties) for their courses, but local associations pay nothing to TREEF.

Hosting any of these designation and certification courses is simple:

- 1. Book (and agree to pay) one of the **approved instructors** for the course you wish to host.
- 2. TREEF will send you course materials as well as a list of approved instructors. The guizzes and exams are password-protected and will be provided upon request.
- 3. Notify Steve McDonald of the course offering-using the REBAC Course Offering Form (see Appendix)—AS SOON AS you have scheduled it, so that we can add it to the calendar and to the list of Upcoming Courses in our weekly Digest. [Because the official "sponsor" of these courses in TREC records is TREEF/Tennessee REALTORS®, it is important—to be in compliance with rules and regulations—that any advertising reflect this and refer to the local association as the "host" of the course, not the sponsor.]
- 4. Secure a copy of the Student Handout for the course from the instructor, to provide to students.
- 5. Submit the roster of attendees to TREC when the course is over.

We hope you will take advantage of this easy-to-use and low-cost service!

For more information about any of these courses, as well as any updates to the list of instructors approved to teach them, contact Steve McDonald at 615-440-5038 or steve.mcdonald@tnrealtors.com.

How to Become an Instructor

TREEF INSTRUCTORS

Those interested in joining our team of instructors must find a "home" (a specific course with a local REALTOR® Association) and submit a resume to one of them to be considered for hire. Once a local REALTOR® Association has hired you, your resume and credentials will be sent to TREC to be added to an approved course. At that time you will also be added to TREEF's instructor list. To ensure our instructors are developing their teaching skills, TREEF will offer workshops that focus on adult learning methods and smart delivery options in the classroom.

Anyone interested in teaching TransactionDesk must complete a train-the-trainer course offered at Tennessee REALTORS®. For more information and schedule, contact Steve McDonald at steve.mcdonald@tnrealtors.com and Sarah Selman at sarah.selman@tnrealtors.com.

REBAC INSTRUCTORS

Submit your resume to TREEF or the authorized course providers listed below. If TREEF or an authorized course provider hires you, your contract will be between you and that licensed provider. They will provide the course materials for any REBAC courses that you are qualified to teach.

REBAC monitors your progress through instructor evaluations. You are also required to attend an ABR® Instructor Recertification workshop—a continuing requirement that must be met every two years.

Once a provider has hired you, they will contact REBAC, where you'll be added to the database as an instructor. At that time you will also be added to REBAC's email list, so you can begin receiving instructor information from REBAC.

RECERTIFICATION

All REBAC instructors must complete a one-day Instructor Recertification Workshop every two years. The workshop is devoted to reviewing changes in course content and new teaching techniques (morning) and instructor development, with topics designed to assist instructors with their teaching skills (afternoon).

Instructor Recertification workshops are central to REBAC's ongoing instructor training program. These sessions help instructors: 1) meet their recertification requirements; 2) improve their teaching skills; 3) stay current on key REBAC organization information that must be conveyed to students; and, 4) expand their teaching opportunities.

Workshops are held each year in conjunction with NAR's REALTORS® Conference & Expo and the REALTORS® Legislative Meetings & Trade Expo.

AGENCY IN TENNESSEE #6257 (2 HOURS CE)

Why does someone obtain a real estate license? The answer really has nothing to do with the right to buy or sell real estate. Anyone with enough money or financing can do that! A real estate license is all about representation. The license permits someone to represent another party in the purchase or sale of real estate, to safeguard their interests, to treat them honestly, and to serve them with professionalism.

Agency at its heart is not a difficult or complex concept. It's all about representing a consumer conscientiously, doing so with the consumer's understanding and written agreement, steering clear of any conflicts of interest, and ensuring that—at any time in the transaction—everyone in the transaction knows whom the licensee does and doesn't represent.

This course takes you through common misconceptions about agency law in Tennessee, as well as a section-by-section presentation of the law itself with a brief commentary on each section.

**SUCCESSFUL RELOCATION REPRESENTATION #6579 (8 HOURS CE)

To keep pace with a changing real estate market, buyer's representatives need to find new buyers to serve and new services to bring them. One important growth area is relocation: buyers who are transferred by an employer or who move to take up employment. Unlike conventional homebuyers, these buyers are often virtual babes in the woods, completely unfamiliar with their new area, and in desperate need of representation and counseling. Unfortunately, their situation is also more complicated than that of a conventional buyer. To serve a transferee, a buyer's rep needs to know how the relocation process works as well as what kinds of services a transferee needs. Then, of course, one needs to know where and how to find transferee business. This course requires the Code of Ethics.

Since the Code is a living document, it needs to be downloaded new each time this course is printed/presented. This will help to ensure the most recent version of the Code of Ethics is being used.

This course requires the Code of Ethics.

Since the Code is a living document, it needs to be downloaded new each time this course is printed/presented. This will help to ensure the most recent version of the Code of Ethics is being used.

NAR'S GREEN DESIGNATION

Gain the knowledge that distinguishes you as a source for resource-efficient homes with NAR's Green Designation courses. Through the two-course experience, you'll learn the best approaches to: Make a home more resource-efficient, connect clients with green DIY resources, use smart-home technologies, retrofit and replace systems, and advise clients through effective remodels. Build from the ground up!

GREEN DAY 1 #8137 (6 HOURS CE)

The Resource-Efficient Home: Remodels, Retrofits, Renovations, and New-Home Construction covers the distinguishing characteristics that make a home resource thrifty. The course looks at why consumer demand for these homes is increasing and how both the homes and consumer expectations impact the market. The course prepares real estate professionals to provide advice and sources of information to help homeowners improve the resource efficiency of their homes from low-cost fixes and DIY projects, to retrofitting and replacing systems, to big-budget remodeling projects. The course also looks at constructing a new, resource-efficient home and the value that real estate professionals can bring to the design-and-build team.

GREEN DAY 2 #8138 (6 HOURS CE)

Representing Buyers and Sellers of Resource-Efficient Homes, this second course in the designation sequence focuses on applying the knowledge of resource-efficient, smart, and certified homes gained in the preceding course and adapting core real estate skills to build business success in the niche market for resource-efficient homes.

*Your membership begins when your designation is conferred and includes one year of membership to the Green REsource Council. Your second year of membership will be prorated through the end of the year. Your third year and thereafter will be \$98.50. You receive one year of membership to the Green REsource Council after completing the courses. Membership renewal occurs annually and you must maintain membership in the Green REsource Council as well as with NAR to use NAR's Green Designation.

The goal of Military Relocation Professional (MRP) Certification Course is to educate real estate professionals about working with current and former military service members to find the housing solutions that best suit their needs—as sellers or buyers—and take

full advantage of military benefits and support. Students will learn how to provide the real estate services—at any stage in the service member's military career—that meet the needs of this niche market and win future referrals.

One-time application fee of \$195. This course requires the Code of Ethics.

Since the Code is a living document, it needs to be downloaded new each time this course is printed/presented. This will help to ensure the most recent version of the Code of Ethics is being used.

Appendix

Guidelines for Offering GRI

In order for local associations other than the "Grand Division: Nashville, Memphis and Knoxville" to host one or more Classroom GRI courses. Guidelines are as follows:

- A local association can apply to TREEF to host one or more courses, after verifying that the approved instructor for that course is indeed available on the date the association wishes
- No more than two offerings of a given GRI course, however, will be approved in any Grand Division of the state during the year (including the offerings that TREEF has already scheduled)
- Any additional offering of a course in a Grand Division must be scheduled at least 4 months apart from any other offering of that course in the same Grand division.
- Once approved and scheduled, the course(s) may not be canceled.
- The local association will assume full financial responsibility for the offering(s), will price them as they wish, will take all registrations for their offering(s), and will then pay \$30 per student per course to TREEF (the same fee that REBAC currently charges as a royalty for most one-day courses).

Examination Policy

As of January 1st, 2017, all courses in the REBAC catalog, with the exception of CIPS and At Home with Diversity classes, will no longer require exams for designations or certifications. We are, however, asking instructors to use the exam questions as an assessment tool at the end of each chapter. There are a few states where the exams are required for CE so we will always continue to update and post them to the CPR page.

Going forth as we are building new courses, there will be exam assessment questions built into the end of each chapter and our instructors will facilitate discussion to ensure that the concepts are understood.

Benefits to Provider and Student:

- Dramatically reduce or eliminate student test anxiety and allow them to focus on the material
- Increase the effectiveness of the information in the materials
- Reduce or eliminate staff time in grading exams
- Eliminate retakes of exams and the staff time to do so

Roster Submission Information

Please use this template when submitting rosters.

Information about submitting rosters after a course has been hosted is below. Rosters and royalty payments are needed to verify student credit and award designations/certification.

For CIPS Courses and At Home with Diversity:

Please fill out all fields on the roster that is provided on the CPR page. All instructor evaluations can be emailed or sent through the mail. Please use the evaluation form that is provided.

- CIPS rosters should be emailed to CIPS@realtors.org
- At Home with Diversity rosters should be emailed to AHWD@realtors.org

For SRS and RENE Certifications:

Please fill out all fields on the roster that is provided on the CPR page. All instructor evaluations can be emailed or sent through the mail. Please use the evaluation form that is provided.

SRS and RENE rosters should be emailed to rosters@realtors.org

For all other courses (ABR, SRES, GREEN, e-PRO, MRP, RESORT, PSA, SFR, and ABR elective) we need the following:

- Class roster emailed to rosters@realtors.org
- NRDS
- First and Last Name
- **Email**

We would also ask that you provide the location and class date on the roster to make it easier to identify. For all providers outside the United States, we will need all of the information on roster to properly import into our database.

Also, please check www.training4re.com to make sure we have all courses that you scheduled through the REBAC license agreement. This is the website that we direct students when they are looking for classes. This will help you in your marketing efforts!

If your course cancels for some reason, please email dheadtke@realtors.org and so we can deactivate that record.

Becoming a REBAC-Approved Instructor

How do I become an instructor for REBAC?

The first thing you would need to do is find a "home" for whom to teach. I would suggest you go to the course providers page and view the list of REBAC licensed providers. You will need to submit your resume to them. Your contract is between you and the licensed provider. At REBAC we will monitor you through the Instructor evaluations and you are required to attend an instructor Re-certification workshop.

Once a provider has reviewed your resume and has decided to hire you they will contact Dawn Headtke and you will be added to the REBAC database as an Instructor. At that time you will be added to the email list and start receiving instructor information from REBAC

Can I teach for other REBAC course providers?

Yes, unless you have a special contract with your provider where as you teach for them exclusively.

Where are the recertification workshops held?

The ABR instructor workshops are held at NAR annual, NAR midyear which is always in Washington, DC and at the REEA conventions.

What will I learn in the Instructor recertification?

We will go over everything that you need to tell the student in the classroom. Go through changes in the ABR course (the ABR course is updated every two years) Teaching techniques with the ABR course.

The second half of the day is devoted to instructor development. For instance this year we will devote the development to Enhancing your Powerpoint Presentation, etc...

Is this required?

Yes, all instructors are required to attend once every two years. I urge all new instructors to attend ASAP. This course will enhance your ABR course delivery.

What if I would like to teach other REBAC courses—How do I get certified?

All instructors are invited to attend any courses that we hold nationally.

If that does not fit into their schedule - I urge them to visit www.Training4RE.com for a complete listing of courses. They should submit the course to Dawn Headtke that they would like to attend. Dawn will then contact the licensed provider and instructor to get approval for the audit. We ask that you attend the course with an instructor who has at least taught it twice and has good reviews. I will review each situation individually. The audits are usually no cost or minimal cost to cover the materials.

How do I get compensated for teaching the REBAC courses?

REBAC does not get involved in any type of compensation. This is negotiated between the Instructor and Provider. You will also need to discuss compensation for hotel, airfare, food expense if you are traveling out of your state.

How do I teach the RENE & SRS courses?

Any REBAC instructor that wishes to teach the RENE or the SRS course must contact Maria Cardenas, the Director of Professional Development for REBI. Please contact her by phone at (312) 321-4425 or by email at mcardenas@rebinstitute.com to apply for instructor certification.

More information on becoming a certified REBI instructor is on the following page.

Instructing REBI Courses

REBI affiliate course (SRS, RENE) have a separate set of standards for instructor approval. Please review below for more information.

Earning the Designation

As is typical protocol with any credential in the REALTOR® family, instructors must first earn the certification or designation for the course(s) they desire to instruct and must take the course(s) in a live classroom setting. You are one-step ahead since you already have the designation. Yes, this is necessary for you to sit in on the full course as an "audit" because you earned the designation a while back and the course has since been updated.

Instructor Designation

The instructor application is linked below. Please refer to the instructor application for the complete requirements and do not submit the application until you have earned the required credential and you meet the eligibility criteria.

REBI Instructor Application

SRS

Must be a REALTOR in good standing. Must teach ABR.

RENE

Must be a REALTOR in good standing. Must teach ABR and SRS. Please note: If you currently teach the CNE course(s) or any other negotiation credentialing program, you will not be eligible to teach RENE as it is a conflict of interest since RENE is an approved and recognized certification in the REALTOR® family

CRB

Must be a REALTOR in good standing. Must be a CRB designee. Must have current or previous experience as a broker, owner or manager of a real estate firm. Must teach ABR, SRS, and/or C-RETS courses. (See the Instructor Application for a full list of courses that apply).

C-RETS

Must be a REALTOR in good standing. Must be a CRB and/or SRS designee. Must teach CRB and/or SRS.

The Next Steps ...

As you can see, the progression for teaching is first ABR, SRS and then the rest of the courses. It's great that you are all set with SRS but you would need to have the ABR credential and teach that course a few times before we can get you going with the SRS Instructor certification. I'm not sure if you have the ABR designation but Dawn Headtke, Director of Business Development at REBAC can help you with that and she is copied on this email. After you have taught the ABR a few times, then circle back to me so we can begin the instructor process with REBI.

Instructor Agreement Form

We have provided the Instructor Agreement that we use at NAR® for delivering REBAC courses. We urge you to obtain an agreement between you and the instructor. You may use this as a sample for your agreement. A fillable form version of this document can also be found within the link below.

This Agreement is hereby made by and between the Real Estate Buyer's Agent Council ("REBAC"), an

Running Reports for Designations and Certifications

Many times we get questions from associations about running reports of their members who have designations and certifications. This can be done through the NRDS system. The instructions below will be very helpful to you:

As a Point of Entry (POE), you have the capability to run different types of reports through NRDS directly. If you are unsure, please call the NRDS Helpline at **1-800-868-3225** and ask for help on the NRDS function, Batch Refresh. (This pulls a file from NRDS of all your members which you can open in Excel and then sort and select by designations, certifications, etc.)

Below is a short tutorial provided by NRDS.

- 1. On NRDS menu, POE runs, Batch Refresh, tab delimited
- 2. Your POE email will receive a zipped file attachment. Unzip it and look for the file ending in .M (for members) which will extract and open in Excel.
- 3. You will need to have the Member File Layout in front of you which can be found within the online NRDS User Manual (also on the main NRDS screen). This is your guide to what each column is within the Batch Refresh file, which is raw data meant to be imported into something else and does not have column headers.
- 4. Sort by the column with the "Member Status" and then delete any rows that are not A or P (active).
- 5. Then sort by the "Member Type" column and delete any rows that are not R or RA (getting rid of the non-members)
- 6. Finally, sort by the "**Primary Association**" column and remove any members who are not primary to the association.

You should now be working with an Excel document narrowed down to just your active members. Using the Member File Layout in step #3 above you can determine which columns are the ABR, GRI, CCIM, etc. Those will have a **Y** for yes or an **N** for no.

At <u>www.nar.realtor</u> there is also an NRDS Quick Takes section which is a library of recorded training lessons. You may want to watch the one on Batch Refresh as it does have several steps.
