Summary

UAPA - effects administrative rules and regulations have on small businesses.

Sen. Watson, Bo; Rep. Daniel, Martin
Government Regulation
Requires an agency to submit an estimate to the members of the government operations committees of the senate and the house of representatives prior to filing a rule or regulation with the secretary of state. Orders the estimate to include implementation costs incurred by all small businesses over three years, number of small businesses affected by the regulation, reasoning upon which the estimate is based and all information used in determining the estimate. Prohibits the agency from promulgating a regulation that will cost equal to or greater than \$3,000,000, unless there is authorizing legislation or a germane modification to reduce costs below the \$3,000,000 threshold. Does not apply to institutions of higher education, emergency rules, or regulations required by federal mandate.

Amendment
Summary

House Government Operations amendment 1 (005092) establishes that an agency must submit an estimate to the fiscal review committee between 60 and 90 days of filing a rule or regulation with the secretary of state, with the review from the fiscal review staff for accuracy. Declares that the fiscal review staff must review the estimate for accuracy, where after confirmation or modification, the executive director of the fiscal review committee will submit the estimate to the members of the government operations committees of the house and senate.
