Establishes that reverter and forfeiture provisions in a conveyance of real property creating a common law estate of fee simple determinable, fee simple subject to condition subsequent, or fee simple subject to executory limitation, automatically terminate 75 years from the date of conveyance. Converts vested rights in deeds as of July 1, 2025, to fee simple absolute after 75 years from the date of creation unless a sworn statement is filed with the county register of deeds by July 1, 2026, to maintain the right. Invalidates a reverter or forfeiture provision contained in documents conveying an interest in real property and purporting to establish the common law estates of fee simple determinable, fee simple subject to condition subsequent, and fee simple subject to executory limitation, executed on or after July 1, 2025. Establishing reversionary estates terminated or prohibited results in title in the grantee or recipient being fee simple absolute. |

| Category             | Taxes Property  |
| Summary              | Allows a property owner to apply for property tax exemption only for portions of real property that provide a tree canopy. Requires the implementing agency to determine the portion of real property that provides tree canopy using a reliable, objective means of quantitative assessments. Requires the chief administrative officer of the county, subject to approval by majority vote of the county governing body, to select the implementing agency responsible for determining tree canopy coverage which will be subjected to annual review. Requires real property owners claiming a tree canopy property tax exemption to file an application with the state board of equalization and submit supporting materials to the county assessor of property where the property is located. Requires the board of equalization to make an initial determination that grants or denies the exemption through a written notice that must be sent to the applicant and the assessor of property. Upon written approval, prohibits the exemption from being transferred or reassigned and the applicant must report to the assessor any changes in the use or ownership of the property or removal of tree canopy that could affect the property's tax exempt status. Establishes that the tax exemption is only applicable in counties upon a two-thirds majority vote of the county governing body. Defines "implementing agency" as the county planning commission, assessor of property, or county board of equalization, operating individually or in conjunction with each other. Defines "tree canopy" as the branches, leaves, stems, and other foliage from woody vegetation that cover real property when viewed from above, measured as a percentage of shaded land area within the tree dripline. Refers to a contiguous area of at least 5,000 square feet that includes the layer of leaves, branches, and stems of trees that cover the ground from an aerial perspective. Encompasses the critical root zone, defined as one foot per inch of diameter at breast height, of a group of trees that are at least six inches in diameter at breast height. |
